## RADICALS ARE RESPONSIBLE

Strike of Railroad Men in the North and West Must Soon Subside

Chicago, April 13.—The main strength of the striking railroad workers today extended to the section east of Pittsburgh and the Pacific northwest, with conditions improving elsewhere, according to railroad officials and brotherhood leaders. Passenger service is hard hit around New York.

### WOOD IS WANTED

Boston, April 13.—Major General Wood has cancelled his leave of absence which was obtained to campaign for the republican presidential nomination. The general said he would leave for Chicago. He said his action was due to the railroad strike.

### SHUT GATEWAY TO THE SOUTH

Washington, April 13.—The gateway to the South through Washington has been closed to freight traffic as a result of the spread of the unauthorized switchmen's strike in the Potomac yards. Superintendent Colver said all the men, including conductors, brakemen and switchmen numbering 200 were out, paralyzing the yards. No estimate was given of the cars tied up but normally 3000 daily are handled from the South, including produce. Passenger traffic has been curtailed since the single track bridge across the Potomac is the only railroad inlet southeast of Cincinnati.

### VOLUNTEER CREWS

### COAL SCARCITY IN COLUMBUS

Columbus, April 13.—One traction company has withdrawn all limited cars, being unable to obtain fuel.

### RADICALS RESPONSIBLE

New York, April 13.—Union labor's co-operation in an effort to break the unauthorized strike of railroad workers here was pledged last night by representatives of the four big brotherhoods in conference with the representatives of the eastern roads, a statement given out after the meeting characterized the strike as "a mob movement," and asserted it was "bound to break."

John G. Walber, labor expert, and secretary of the bureau of information of eastern railroads, who made the announcement, said it was the "consensus of opinion of the brotherhood leaders that the strike would burn itself out." He said the conference "received information that the strike was easing up around Chicago, Indianapolis, Columbus and other western cities, but remained unchanged locally."

"The surprising part about the strike is the fact that men who are regarded as conservative have become impregnated with radicalism," Mr. Walber said. "The strike is one fostered purely by radical influence."

It was announced the brotherhood leaders had "tried their best" to have the men ignore the radical agitators who invaded New York from New Jersey. Previously the brotherhood leaders had mingled with strikers and loyal union men in New Jersey, urging them to respect their contracts. The conference last night was the first officially held here between labor leaders and railroad representatives.

## BOND CAMPAIGN IN FULL SWING

Prospects for Carrying Election Today Week are Exceedingly Favorable

With the election to decide whether Marion county shall issue bonds for good roads just one week off from today, the campaign to carry the issue "over the top" was taken up with redoubled interest yesterday under the direction of Mr. A. C. Blowers, chairman. Mr. Blowers intends to give all his time between now and next Tuesday to the election. Nothing will be left undone to see that the voters are acquainted with the facts in the case, and that arrangements are made to get all to the polls on election day. The prospects for the carrying of the bond election are exceedingly favorable, and as the voters become acquainted with the facts many who voted against the bond issue of December 2 are signifying their intention of voting "yes" on Tuesday.

Mr. Blowers, accompanied by Louis H. Chazal, secretary of the Marion County Board of Trade, made a trip yesterday to precincts in the northern part of the county to get in touch with the campaign chairmen in those precincts. All precincts visited were found favorable to the issue and in each instance it was found that many who voted against the last issue would vote for this. Mr. Blowers intends to make a trip every day this week to the various precincts, keeping in touch with the precinct chairmen. Every citizen who is in favor of the bond issue is expected to co-operate with the campaign committee to the extent of giving the widest circulation possible to the facts of the bond issue, and is expected to get out the voters on next Tuesday. A printed statement of the conditions of the bond issue may be obtained at the Board of Trade room by any voter who wishes to give them circulation or to become posted himself.

## MAKE DRIVE FOR NEW MEMBERS

Special Meeting of Board of Trade Last Night was Well Attended

There was a good attendance at the special meeting of the Marion County Board of Trade last night for the purpose of deciding on the best means of increasing the income of the organization. The attendance, the talks, and the action taken, showed that the business men of the city fully appreciate the importance of the work of the trade body.

A list of all possible members will be prepared and on Friday night at 8 o'clock there will be held another special meeting of the Board of Trade for the purpose of inaugurating a drive to increase the membership of the organization. Each member of the Board of Trade at Friday night's meeting will be asked to select from the list of possible members those he will see. The entire organization, in other words, is expected to be present at the meeting and to take part in the drive for new members.

### WOMAN'S AUXILIARY ORGANIZED SATURDAY

Saturday afternoon in the library there was organized what will be known as the Woman's Auxiliary of the Marion County Hospital. About twenty-two members were enrolled at this meeting, but it is expected to make a rapid growth before the next meeting, which will be held on the 21st of the month. The following officers were elected:

President, Mrs. J. H. Taylor; first vice president, Mrs. Merrill; second vice president, Miss Mary Marshall; secretary, Miss Mary McDowell, and treasurer, Miss Mary Burford.

The chief object of this organization is to create a greater interest in hospital work, such as girls entering the nurses training course, and to secure more help for the needs of the hospital. The first work that the auxiliary will undertake just now will be the making of night shirts for the hospital, the supply having run very short.

Mrs. T. I. Arnold and Miss Marshall gave interesting talks on the value of this organization and it was decided that regular meetings be held on the second Saturday in each month.

Every girl and woman in Marion county should be a member of this auxiliary and by calling on Miss Mary McDowell and paying her one dollar, you can become a member.
